professional salon tools
since 2002

it's in your hands

we designed the most powerful,
versatile and effective tools on the
market so you could achieve the
best desired results.

*we give you the tools —
the rest is up to you.*

about *ultron*

Since 2002, we've been designing versatile, efficient hair tools, enabling you to achieve exceptional results. Although we celebrated our twenty-year anniversary with a rebrand, what we stand for hasn't changed.

Innovation, timeless design, and well-thought-out ergonomics are still at the heart of our brand. We create the tools, you do the styling.

With a firm commitment to customer satisfaction, we continuously refine our products to meet the ever-evolving needs of hair professionals worldwide. As we embark on the next chapter of our journey, we remain dedicated to staying ahead of the curve, introducing cutting-edge technologies that empower you to unleash your creativity effortlessly.

tap into your *creativity*

*Your forte: stunning styles, bold bangs
and creative cuts.*

Ours? Helping you thrive through an
extensive range of powerful, versatile hair
tools. Drying, styling, curling or trimming—
we give you the gear, and the rest is up to you.
Think high-performance styling instruments,
enabling you to express yourself to the fullest.

our tools are ready to be
turned on

*Made to lay the groundwork for your
creations, these sleek designs are bound
to ignite a spark.*

Cutting-edge technologies and well-thought-
out ergonomics empower you to bring your
artistic visions to life. Otherwise put: it's all
about the synergy between our tools and your
talents. We provide the equipment, the rest
is in your hands.

a sustainable makeover

*By banning plastic from our packaging,
we aim to make sustainability part of
our identity.*

In addition to rethinking our boxes and removing their magnetic closures, we've also started using cardboard or paper-based inlays instead of PE or foam ones. Who says green can't be glamorous?
